

1. Product and Company Identification

Product Name: Victory Powders
Article Code: A30XX

Manufacturer: CNC International BV
Bronstraat 17
6031 TS Nederweert – The Netherlands

Emergency Telephone Numbers: +31 88 5155850

2. Hazards Identification

2.2. Label elements

Label elements under CLP:

Hazard Statements: May cause an allergic skin reaction.

Signal words: Warning

Hazard pictograms: GHS07: Exclamation Mark

Precautionary statements:

P261: Avoid breathing dust/fumes/gas/mist/vapours/spray
P272: Contaminated work clothing should not be allowed out of the Workplace
P280: Wear protective gloves/protective clothing/eye protection/face protection
P302+352: IF ON SKIN: Wash with plenty of water
P333+313: If skin irritation or a rash occurs: Get medical advice/attention.
P321: Specific treatment
P362+364: Take off contaminated clothing and wash it before reuse.

2.3. Other hazards

Other hazards: Fine dust clouds may form explosive mixtures with air. Handling and/or processing of this material may generate a dust which can cause mechanical irritation to the eyes, skin, nose and throat.

| 3. Composition / Information on Ingredients |
|--|

3.2 Substances

| INCI – Ingredient Name | CAS Number | EINECS Number | CLP Classification | %-Range |
|-------------------------|------------|---------------|---|---------|
| Poly Ethyl Methacrylate | 9003-42-3 | 202-597-5 | | 75-10 |
| Benzoyl peroxide | 94-36-0 | 202-327-6 | Org. Perox. B, H241 Eye Irrit. 2, H319 Skin Sens. 1, H317 | 0-5 |

| |
|------------------------------|
| 4. First Aid Measures |
|------------------------------|

4.1. Description of first aid measures

| | |
|----------------------|---|
| Skin contact: | Wash contact area with soap and water. Obtain medical attention if discomfort persists |
| Inhalation: | Remover to fresh air. Obtain medical attention if discomfort persists |
| Ingestion: | Rinse mouth out with water. Obtain medical attention if discomfort persists |
| Eye Contact: | In case of contact, immediately wash the eyes with plenty of water for at least 15 min. Obtain medical attention if discomfort persists |

| |
|----------------------------------|
| 5. Fire Fighting Measures |
|----------------------------------|

5.1. Extinguishing media

Extinguishing media: Use dry chemical, carbon dioxide or water.

5.2. Special hazards arising from the substance or mixture

Exposure hazards: Polymer dust is combustible, explosive limits of the polymer particles suspended in air are approximately those of coal dust.

5.3. Advice for fire-fighters

Advice for fire-fighters: As in any fire, wear self-contained positive-pressure breathing apparatus and full protective gear. Avoid extinguishing methods that generate dust clouds. Water streams can disperse dust into air, producing a fire hazard and possible explosion hazard.

| |
|---------------------------------------|
| 6. Accidental Release Measures |
|---------------------------------------|

6.1. Step to be taken in case material is released or spilled

Sweep up to avoid slipping hazard. Keep airborne particulates at a minimum when cleaning up spills.

7. Handling and Storage

7.1. Precautions for safe handling

Handling requirements: Wash face and hands thoroughly with soap and water after handling and before eating, drinking or smoking. Avoid prolonged or repeated contact with skin. Avoid contamination. Use only with adequate ventilation. Observe precautions on the label.

Other Precautions: Polymer dust is combustible, explosive limits of the polymer particles suspended in air are approximately those of coal dust.

7.2. Conditions for safe storage, including any incompatibilities

Storage conditions: Store in cool, well ventilated area. Keep container tightly closed. Keep away from direct sunlight. Store away from combustibles and incompatible materials.

8. Exposure Controls / Personal Protection

8.2. Exposure controls

Engineering measures: Local exhaust ventilation or other engineering controls to control exposure. Use explosion-proof equipment. Provide ventilation if necessary to control exposure levels below airborne exposure limits.

Respiratory protection: Avoid breathing dust and mist. Use dust mask.

Ventilation: Sufficient ventilation must be provided.

Hand protection: Chemical resistant protective gloves should be worn when handling this product. Nitrile, neoprene, pvc, latex or other impermeable gloves is recommended.

Eye protection: Wear safety glasses.

Skin protection: Eye bath and safety shower should be provided.

Hygienic practices: Good personal hygiene practices are required at all times when handling chemicals. These practices include, but are not limited to, washing when safety equipment is removed, at the end of each shift or when going on breaks and especially if contamination occurs.

9. Physical and Chemical Properties

9.1. Information on basic physical and chemical properties

Form: Fine powder
Colour: Various
Odour: Faint odor in bulk
Boiling Point: N/A
Freezing Point: N/A
Octanol/Water Partitioning Coefficient: N/A

Material Safety Data Sheet A30XX – Victory Powders

| | |
|---------------------------|-----------|
| Specific Gravity: | N/A |
| Viscosity: | N/A |
| Vapour Pressure : (mm Hg) | N/A |
| Vapor Density : | N/A |
| Flash Point: | >100°C |
| Flammable Limits (% v/v): | No data |
| pH: | N/A |
| Solubility in Water: | Insoluble |
| Evaporation Rate: | No Data |
| Iginition: | No Data |

10. Stability and Reactivity
10.1. Reactivity

Reactivity: Stable under recommended transport or storage conditions.

10.2. Chemical stability

Chemical stability: Stable under normal conditions.

10.3. Possibility of hazardous reactions

Hazardous reactions: Will not occur.

10.4. Conditions to avoid

Conditions to avoid: Heating above 240°C.

10.5. Incompatible materials

Materials to avoid: Strong oxidizing agents.

10.6. Hazardous decomposition products

Haz. decomp. Products: Methacrylate monomers.

11. Toxicological Information
11.1. Information on toxicological effects

Relevant effects for mixture:

| Acute Toxicity: | LD50 | LC50 |
|-----------------|--------------|--|
| Oral | 7990 mg/kg | |
| Dermal | 35.500 mg/kg | |
| Inhalation | | >12.500 to 16.500 ppm for 0,5 hours |

11.2 Symptoms/routes of exposure

Skin contact: Mild

Eye contact: Mild

12. Ecological Information

Any reject of this product in the sewer or stream must be avoided. Do not allow to enter drinking water supplies, wastewater or soil.

13. Disposal Considerations**13.1. Waste treatment methods**

Disposal operations: Incinerate in a furnace where permitted under national and local regulations.

14. Transport Information

Transport class: This product does not require a classification for transport.

15. Regulatory Information**15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture****EU Regulation (EC) NO. 1907/2006 (REACH):**

Annex XIV: None of the components are listed.

Annex XVII: Not applicable

Other EU Regulations:

Europe Inventory: All components are listed or exempted.

16. Other Information**DISCLAIMER**

While CNC International BV believes that the data contained herein are accurate and derived from qualified sources, the data are not to be taken as a warranty or representation for which CNC International BV assumes legal responsibility. They are offered solely for your consideration, investigation and verification. Any use of these data information must be determined by the user to be in accordance with applicable Federal, State and local laws regulations.

CNC International BV requires all Customers who receive this Security Data Record to study it carefully in order to be informed of any dangers presented by the product. As far as security is concerned, the Customer should:

- Inform his employees, agents and sub-contractors of information contained in this form.
- Supply one copy of this form to each one of his own Customers for this product.
- Ask for these same Customers to inform in turn their own Employees and Customers.
